

CORD

- Slim, reversible design
- Subtle imprint
- Twice the woven imprint area

Our WOV-IN® Cord line offers a slim, lightweight webbing with your one-color custom imprint woven into both sides of the cord. Smaller 3/16" width features a dense weave to allow for more text and simple designs.

CLASSIC

- One-color woven imprint
- Bold design
- Economically priced

Our WOV-IN® Classic line offers the same high quality woven process that we've provided for over 20 years. The Classic line includes a one-color woven imprint on one-color webbing.

GOLD

- Two-color imprint
- Classic feel
- Higher resolution one-color woven imprint

Our WOV-IN® Gold line has the look and feel of our Classic webbing, but the imprint is woven at a higher resolution, providing more solid text and design clarity. Two-color imprints are another option available in the WOV-IN® Gold line.

PREMIUM

- The latest innovation from the WOV-IN® Line
- The highest definition polypropylene webbing
- One-color woven imprint with soft touch feel

Our WOV-IN® Premium line provides exceptional resolution and finer definition combined with the durability and strength of traditional polypropylene. Offered in 1/2" and 3/4" widths. Select colors available - call for details. Available in Lanyards, Key Straps, Bottle Holders, Eyeglass Straps and Wristbands.

PLATINUM

- Up to three-color woven imprint on one-color webbing
- Soft touch, premium weave
- Two-sided woven imprint if available

Our WOV-IN® Platinum line combines a soft-touch feel with high quality text and design. 1/2", 3/4" and 1" widths include one-, two- or three-color woven imprint on one-color webbing (one- or two-sided imprint if available).

ELITE+ (Plus)

- Up to eight woven colors
- Sewn to one-color Classic webbing
- Superior detail and clarity

Our WOV-IN® Elite+(Plus) material has high thread count for high definition designs. 3/4" and 1" widths include up to an eight-color woven label sewn on one-color Classic webbing.

ELITE

- Up to eight woven colors
- Lightweight
- Exceptional detail and resolution

Our WOV-IN® Elite material has high thread count for exceptional detail and resolution. Includes up to eight colors woven with softer, heat sealed edges that won't fray.

ELITE² (Squared)

- Up to eight colors per side
- Durable – Elite material sewn back to back
- Twice the imprint area

Our WOV-IN® Elite2(Squared) has Elite material sewn back to back which allows for double the imprint area. Offered in 5/8" & 3/4" widths with up to eight woven colors per side.
